2. Working in one color group at a time, set aside one color group to be assembled after completion of first color group.

7. Repeat steps 3 – 6 for second color group quilt.

Please note:

The photographs show an extra row because I had leftover fabric and had enough to make an additional row. I had added the row on after I wrote the instructions, and my apologies for not noting that.

The pattern, illustrations and measurements do not include the additional row.

Of course free free to add the row if you have left over and extra batting/backing/binding.

Yield:

Yield TWO quilts – or one if using one of the tops as your backing.

Happy summering!
